Dear Sirs,

On or about September 8, 2009 I was in contact with Investigator Michael Moss, at the request of Tammy Gibson of GMAC Mortgage Company, to discuss the details of a fraudulent mortgage incident by which I was made victim. Investigator Moss and I subsequently spoke numerous times after the initial conversation.

Some time after, Detective Dave Williams had contacted me to conduct an inquisition for any additional information I may have related to the case. I believe both you investigators will agree that I have cooperated as much as could have been expected and additionally, as much as was requested.

Unfortunately, at a later date while in the process of inquiring with GMAC Mortgage Company, about specific derogatory information listed on my credit report at their behest, I was supplied with the enclosed response.

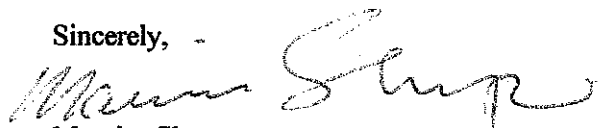

As you may have guessed, I am in complete bewilderment. Again, as far as I am aware, I had cooperated 100%, without hesitation. If there is something I have missed or failed to observe in the process, please let me know at this time. If not, I will take it as I have fully cooperated without question.

Lastly, I am requesting a copy of any and all the police report (s) recorded by either investigator, so that I may have them for my records for future reference. They can be sent to me at :

Thank you for all of your cooperation in this matter.

Sincerely,
